

Introduction

Good morning, Sir/Mam.

My name is Madhur Gujarathi. I am from Shirpur, Maharashtra. I have completed my engineering degree in the stream of Electronics & Telecommunication from KBC North Maharashtra University. Currently I am working in the TCS company as a Developer from 11 months.

About my family background, there are Five members in my family including me. My father passed away 1 year ago. My mother is a housewife and I have 1 younger brother and 1 elder sister. My sister is working in bank and my brother is working in Tech Mahindra.

About my achievements, I was the third rank holder in North Maharashtra University. Also, I have cleared Associate level certification in Python from Python Institute. My hobbies are sketching (Specially of Eyes) & playing cricket.

I had worked on IOT project in college where my responsibilities were developing a program for that particular hardware as per requirement.

I have chosen this course because I am passionate about python programming has, I am practising it from about 3 years, also I want to be Data Scientist.

Thank you for giving me opportunity to introduce myself.
